## Parent Corner

Once a month, we will shed light and education on a topic that is prevalent amongst High School teens. We believe strongly in the power of the home/school connection even as our students are navigating more independence during High School. We believe that with education and awareness; staff and parents will be a united front to support our children.

## Vaping

“E-cigarettes can be hard to recognize. Not all e-cigarettes look alike, and vaping is easy to hide. Here’s what parents need to know.

What are e-cigarettes?

E-cigarettes produce an aerosolized liquid (vapor) that usually contains nicotine and other chemicals inhaled by the user. This is called vaping.

The liquid solution used in e-cigarettes, sometimes called vape juice or e-liquid, usually contains nicotine and other chemicals. E-cigarettes can be used to smoke or “vape” marijuana products, herbs, waxes and oils.”
